# ALL STATES **TRAILER SPARES**

All States Trailer Spares are a major manufacturer, importer and distributor of trailer parts in Australia and internationally.

Our team are dedicated to helping you choose the right trailer parts and shipping them to you as fast as possible. We put a lot of effort into delivering what you want with service you can rely on.

We have selected and packaged a range of products with an emphasis on clear and simple communication for the consumer to choose easily. The point of sale will also make it easy to identify the category so people will know where it is in the store.

These parts are only a portion of our entire range and can be viewed online [www.astss.com.au](http://www.astss.com.au) or through our Trailer Wholesale Component Catalogue. Available by request.

You can order with part # and quantity through the following ways:

*Always keep the trailer as level as possible.*

*A level trailer places less strain on the connection between the trailer and the tow ball.*

*Keeping the trailer level will also help keep the trailer in line behind the vehicle while towing.*

## OUR STORY

All States Trailer Spares has provided Australians with fast and reliable service for trailers, parts and accessories for 25 years and counting.

Family owned and operated from the start, we share our knowledge, passion and expertise to create freedom for thousands of customers across Australia.

In 1996, Peter “Hilto” Hilton approached his bank manager for a loan. With no collateral besides a broken-down ute worth \$800 (that he was still paying off), Hilto secured a \$5,000 loan and All States Trailer Spares was born.

Today, All States Trailer Spares is a leading wholesaler of trailers, parts and accessories in Australia. We remain family owned and operated, employing 30 people to service more than 1500 active customers Australia-wide.

From humble beginnings, we have grown to become a multimillion-dollar business started by a man with, in his words, ‘more ass than class’.

We look forward to growing together and supporting our team to keep building a legacy together.
